

**TRASH:** Three Important Rules that are often Misunderstood

1. Bagged trash may be deposited in one of the trash containers *between the hours of 6am and 10pm only, daily*. Why?
  - a. To avoid trash overflow; reduce odor and deter pests.
  - b. To be respectful of your neighbors who could be disturbed by late night or early morning trash deposits
  - c. Recycling bins are placed out on Tuesdays for Wednesday pickup *only*.
  - d. Bulk Trash to be set out at street curb for Thursday pickup *only*.

**Violations of this and any other Trash Rule can result in an assessment of \$50 per incident.**

**With respect to the 24/7 Trash & Recycling Locations (Behind Management Office)**

**Trash Code: 421**

**Do Leave:**

- a. Bagged trash in containers *only*.
- b. Tightly tied, closed bags *only*.
- c. Recyclables in appropriate containers *only*.
- d. Broken down boxes *only at the Cardboard Recycling location*.
- e. Container lids *Closed*.

**Don't Leave:**

- a. Trash *if containers are full* – Take your trash home.
- b. Large household items (luggage).
- c. Appliances, furniture.
- d. Items on the floor, or the ground outside.
- e. Container lids *Open*.

**PARKING:**

2. Beginning January 1 of every year, each vehicle parking on off-street lots must have a current year parking sticker on its left, rear (driver's-side) window or on a clear plastic placard placed on the left, front (driver's side) dashboard and *clearly visible* through the windshield.
3. You may not park a vehicle displaying a green decal on a parking lot that has been designated Orange (further restricted).

**Violation of either of the Parking Rules can result in towing without notice at the vehicle owner's expense.**
